

QUAKING GRASS

BRIZA MEDIA

FROM SOFT CLUMPS OF GREEN GRASS THE DELICATE, HEART SHAPED FLORETS OF THIS LOVELY GRASS ARISE IN SUMMER, SHOOTING STRAIGHT UP TO THE DELIGHT OF FAIRIES AND OTHER LOVERS OF SMALL THINGS THAT DANCE ON THE WIND. WHEN PLANTED IN MASSES, THE "QUAKING" OF THE PANICLES OF TINY, HOPS-LIKE SEED HEADS CAN ACTUALLY BE HEARD WHEN THE BREEZE BLOWS, CREATING A RESONATING MUSIC FOR YOUR GARDEN. REACHING 1 ½ FEET TALL IN BLOOM, QUAKING GRASS LOOKS BEAUTIFUL PLANTED IN FLOWING GROUPS IN ROCK GARDENS OR ALONGSIDE STREAMS. MAKES A FUN ADDITION TO FLOWER ARRANGEMENTS!
