

MARGARITA BOP FOOTHILL PENSTEMON

PENSTEMON HETEROPHYLLUS

'MARGARITA BOP'

THIS SELECTED VARIETY OF OUR NATIVE FOOTHILL PENSTEMON HAS GROWN IN POPULARITY OVER THE PAST FEW YEARS BECAUSE OF ITS TIDY 18X24" HABIT AND EASE OF CULTURE. ITS INCREDIBLY BEAUTIFUL, OPALESCENT BLUE-LEANING-PINK FLOWERS APPEAR IN SUMMER AND ARE ATTRACTIVE TO HUMMINGBIRDS AND OTHER POLLINATORS. DROUGHT-TOLERANT ONCE ESTABLISHED, THIS LITTLE NATIVE WILD FLOWER IS ONE TOUGH COOKIE. GREAT IN MASS PLANTINGS AND TIDY ENOUGH FOR THE FRONT OF BORDERS. TOLERATES GARDEN CARE BETTER THAN MANY CALIFORNIA NATIVES.

SUN TO LIGHT SHADE

USDA ZONES 6-10
