

# COAHUILA SAGE

## SALVIA COAHUILENSIS

THIS LITTLE AROMATIC SAGE NATIVE TO MEXICO WILL REMIND YOU OF AN AUTUMN SAGE ONLY LOWER TO THE GROUND AND WITH A FAR MORE LUSH GROWTH HABIT. ITS PROLIFIC PURPLE BLOSSOMS START IN LATE SPRING AND CONTINUE ALL SUMMER LONG! ABOUT AS DEER RESISTANT AS THEY COME, IT IS ALSO DROUGHT-TOLERANT AND EASY TO GROW. REACHING ABOUT 1 ½ - 2 FEET TALL, IT'S GREAT FOR EDGING AND WILL ATTRACT PLENTY OF POLLINATORS TO YOUR GARDEN. REMOVE SPENT FLOWERS TO KEEP THE LITTLE PURPLE WANDS COMING. SPREADS VIA RHIZOMES TO INCREASE THE BUSINESS OF THE PLANT WITH EACH YEAR
