

VERA JAMESON STONECROP

SEDUM 'VERA JAMESON'

NO ORDINARY SUCCULENT GROUNDCOVER, VERA JAMESON HAS A BOLD, CHUNKY TEXTURE THAT PROVIDES A CONTRAST TO ALL THE DELICATE GROUNDCOVER TYPES OF STONECROP. REACHING 9" HIGH AND 1 1/2' ACROSS, IT GROWS FAST, QUICKLY FORMING A SUBSTANTIAL, MAT OF LOVELY, ROUNDED LEAVES ON SEMI-CASCADING STEMS. IN MID TO LATE SUMMER, VERA JAMESON BURSTS INTO ROSE PINK BLOOM, FURTHER ENHANCING HER NATURAL BEAUTY. AS THE WEATHER COOLS IN FALL, THE LEAVES TAKE ON A SMOKEY PURPLE HUE. NEAT ENOUGH FOR THE FRONT OF THE BORDER OR ROCK GARDEN, VERA JAMESON CAN BE USED TO EFFECTIVELY HIDE THE LEGGINESS OF TALLER VARIETIES. ALLOW GOOD DRAINAGE AND WATER SPARINGLY.
